WASHINGTON, D.C.

22 FEB 1980

MEMORANDUM FOR THE PRINCIPAL DEPUTY UNDERSECRETARY OF DEFENSE
FOR RESEARCH AND ENGINEERING

SUBJECT: GRILL FLAME (U)
- INFORMATION MEMORANDUM

(U) Concur with your draft memorandum concerning GRILL FLAME Activity.

(S) The Scientific Evaluation Committee description of my attitude is misleading in its brevity and tone. I agree that assessment of foreign work must continue. In my view, previous investigations to determine utility or use of the actual techniques from a "blue" standpoint have been totally inconclusive. If further work is proposed, a meticulous review must be made to judge if the result is believable, useful, and worth the spending of any more money.

A handwritten signature in dark ink, appearing to read "J. L. Brown", is positioned above the typed name.

JAMES L. BROWN, Maj Gen, USAF
Asst Chief of Staff, Intelligence

cc: Director, DIA
ACS/I, USA

CLASSIFIED BY ACS/I, HQ USAF
DECLASSIFY ON 21 Feb 2000
REASON: 2-301.c 3
